TOTE SLIDE PRO

The **Tote Slide PRO** was designed for above the garage door and beyond, where space is often limited. We recommend using **heavy duty** totes, that have a reinforced lip (HDX, Commander, or Greenmade).

~18" of clearance is needed for standard 27 gallon totes
~15" of clearance is needed for standard 17 gallon totes

Safely store and organize 9-12 totes per system. The Tote Slide PRO was engineered to be fully adjustable and expandable - combine multiple systems for additional storage.

- 81" x 75"
- Load capacity: **450 LBS**
- Manufactured with the highest quality powder coated steel
- Rails are adjustable to fit any size tote
- Modular and expandable
- Comes complete with all parts and hardware in one box
- Limited lifetime warranty
- Patented & patents pending
- **Totes SOLD SEPARATELY**
